IIS ASICs for Wireless MIMO Communication - Part 1

4-Stream MIMO Transceiver

**Description**
- First 4-stream MIMO transceiver ASIC

**Technical Data**
- Process: UMC 0.25 μm 1P/5M CMOS technology
- Clock: 80 MHz
- Area: 12.8 mm²
- Achieves 192 Mbit/s in 20 MHz bandwidth

Programmable LDPC Decoder

**Description**
- IEEE 802.11n-compliant programmable low-density parity check (LDPC) decoder

**Technical Data**
- Process: UMC 0.18 μm 1P/6M CMOS technology
- Clock: 208 MHz
- Area: 3.39 mm²
- Throughput: 780 Mbit/s

MMSE Sorted QR Decomposition

**Description**
- MMSE sorted QR decomposition based on Givens rotations

**Technical Data**
- Process: UMC 0.18 μm 1P/6M CMOS technology
- Clock: 152 MHz
- Total Area: 2.28 mm² (four different architectures)
- Delivers up to 3.8 M SQRD/s

Singular Value Decomposition Processors

**Description**
- First singular value decomposition ASIC for MIMO communication

**Technical Data**
- Process: UMC 0.18 μm 1P/6M CMOS technology
- Clock: MDU-I 133 MHz / MDU-II 272 MHz
- Area: 0.41 mm² / 0.37 mm²
- 86.4 k SVD/s / 63.2 k SVD/s

Hard-Output Sphere Decoder

**Description**
- First 4-stream hard-output sphere decoder ASIC

**Technical Data**
- Process: UMC 0.25 μm 1P/5M CMOS technology
- Clock: 57 MHz
- Area: 117 k gate equivalents
- Achieves 75 Mbit/s at 20dB SNR

Soft-Output STS Sphere Decoder

**Description**
- First 4-stream soft-output sphere decoder based on the single tree search (STS) strategy

**Technical Data**
- Process: UMC 0.25 μm 1P/5M CMOS technology
- Clock: 71 MHz
- Area: 1.9 mm²
- Throughput ranges from 10 Mbit/s to 95 Mbit/s

Viterbi Decoder for MIMO WLAN

**Description**
- IEEE 802.11n-compliant Viterbi decoder ASIC

**Technical Data**
- Process: UMC 0.25 μm 1P/5M CMOS technology
- Clock: 310 MHz
- Area: 1.7 mm²
- Designed for 310 Mbit/s throughput

BCJR Decoder for Iterative MIMO Detection

**Description**
- First 64-state BCJR decoder for iterative MIMO detection

**Technical Data**
- Process: UMC 0.18 μm 1P/6M CMOS technology
- Clock: 375 MHz
- Area: 2.95 mm²
- Throughput: 375 Mbit/s
